Student Scholarships

Missionary Student

One of the biggest obstacles preventing missionaries from staying on the field long-term is the expense of educating their children. Missionaries kids need high-caliber schools that can effectively prepare them for an eventual return to the USA for college. Rosslyn Academy's Christian-based, American Curriculum is exactly what missionary families want. Rosslyn Academy's mission has always been to support the education of Missionary Children, and to this end, we greatly reduce school fees to less than half of regular tuition. This reduced rate is still unaffordable to some missionary families. At \$10,000 per year, you can support the education of a missionary kid, allowing his/her parents to continue serving on the field.

Kenyan National Church Students

Currently, Rosslyn Academy runs a scholarship program that admits one Kenyan child per year (into 9th grade) from one of our Mission Owner's local church partners. This program is limited by a lack of funding. Please consider supporting the educational expenses of talented young Kenyan Christian students, through High School at Rosslyn Academy.

Estimated Cost: \$10,000 per year per student
